NEW Flat Profile Divider Bar

(107.95 mm / 4.25 in.)

(139.70 mm / 5.50 in.)

Premium divider bars can be applied to doors with and without glass to create a variety of styles with a high-end appearance that replicates the look of real wood.

Tru-Advantages

■ **Delivers authentic Shaker design to meet increased market demand.**

- Captures the honesty of Shaker styling with simple design, square sticking, vertical lines and recessed panels.
- Features traditional square sticking, meaning the profile of the edge surrounding the door panels and glass inserts is square.

- Complements other Shaker-style elements in the home, such as interior doors, kitchen cabinets and bathroom vanities.
- **Designed for broad appeal with versatile styles both with and without glass.**
- Includes options for 6'8" and 8'0" doors and sidelites for multiple entries around the home.
- Full-lite EnLiten™ flush-glazed doors are ideal for front entry and patio applications, and can be paired with full-lite sidelites.
- Solid-panel doors can be paired with full-lite sidelites for natural light in the front entry and can also extend the true Shaker-style look throughout the home to side and back doors.
- **Classic-Craft American Style Collection™ doors and sidelites feature AccuGrain™ technology to accurately replicate Fir grain.**
- Features realistic wood grains that are virtually indistinguishable from high-grade wood doors, thanks to Therma-Tru's AccuGrain™ technology.
- The tight vertical Fir grain – prized for its beauty and quality – is the perfect complement to the mix of natural materials found in many of today's home styles.
