**Therma-Tru Installation Clinic
Entryway Product Innovations
Therma-Tru's Site Gets a Relaunch**

**Attend Therma-Tru's Installation Clinic at Show
Village 2009**

Therma-Tru Doors invites you to attend a complimentary Installation Clinic featuring a Therma-Tru Tru-Defense® Fiberglass Door System at *Professional Builder's Learning Center at Show Village 2009* during the International Builders' Show in Las Vegas. For your convenience, the 40-minute clinic will be offered for three days during Show Village and at two different times (see schedule below).

Don't miss this special installation training that includes recommendations on flashing materials and best practices for water management methods currently being used throughout the industry. Everything from tools and supplies required, to measuring and preparing the rough opening, to installing various door configurations (including doors with sidelites and double doors) will be discussed.

Plus, take advantage of Q&A time to get valuable pro-tips from the trainers.

Therma-Tru's Site Gets a
Relaunch

Therma-Tru.com has been completely retooled and redesigned! The site was reconstructed from the ground up to provide users with several important new features, including:

- Simpler Navigational Format:**
To share product information more quickly and efficiently, all Therma-Tru product navigation is now conveniently located on the left-hand side of the home page. Therma-Tru's popular **Photo Gallery** and **Door Designer** can now be found together at the bottom of the home page.
- Easier Product Selection:** With such a broad product range, it can be difficult for a builder, remodeler or end user to choose a door, which is why Therma-Tru revamped its online shopping process. Now you can view all door styles at once right from each product overview page or you can answer a few questions on the product overview page to find the exact door you need. You can even see your door selection with sidelites and transoms within a

Therma-Tru Installation Clinic Schedule

January 20	2 to 2:40 p.m.
January 21	10 to 10:40 a.m. and 2 to 2:40 p.m.
January 22	10 to 10:40 a.m. and 2 to 2:40 p.m.

(Seating is first-come, first-served and will be limited, so plan to arrive at *Professional Builder's Learning Center at Show Village* a few minutes prior to clinic start time.)

Therma-Tru Product Preview – See All That's New for 2009

Our 2009 Catalog is now available. Click on the catalog to receive a complimentary Therma-Tru catalog.

Heading into the new year, Therma-Tru has several new product innovations for builders and remodelers. For information about all of Therma-Tru's product offerings, visit Therma-Tru.com.

Craftsman-Style Door at an Affordable Price

(Available beginning January 2009)

Therma-Tru's new Smooth-Star® fiberglass Craftsman door style provides a classic design at an exceptional value to complement bungalow and arts-and-crafts style homes. The new Smooth-Star door is a great match for Therma-Tru's Classic-Craft® American Style collection front door with its two-panel embossed design. The Smooth-Star Craftsman Style door is available in 6'8" and 8'0" heights, and with 10", 12" and 14" full-lite sidelites. The smooth, paintable door can also be ordered with several glass designs, including Therma-Tru's new Brookside design. It is also available as a fire-rated door with 20 minutes of protection from fire,

and is a stylish house-to-garage application. For more information on the new Smooth-Star Craftsman door call 1-800-323-3533.

Classic-Craft® American Style Door With 4- and 6-Lite Glass Dividers

Within Therma-Tru's Classic-Craft® American Style Collection doors are two new offerings: 4-lite and 6-lite glass dividers. The dividers fit both 6'8" and 8'0" Classic-Craft American Style Collection doors and sidelites (clear lites only). The new four- and six-panel

few clicks.

• **New Design & Innovation Section:** This brand new **reference tool** is designed to continually provide you with Therma-Tru product design and technology updates as well as explain existing product design advantages.

glass configurations provide fresh looks for Arts and Crafts, Bungalow and Cottage-style homes. [Click here](#) to browse the Classic-Craft American Style Collection. For more information call 1-800-323-3533.

Same-Day Stain™ Kit

Therma-Tru's new **Same-Day Stain™ Kit** reduces door-staining time from three days down to one with a faster drying formulation than traditional oil- or gel-based stains. Therma-Tru's patented Same-Day Stain Kit was developed specifically for Therma-Tru's grained fiberglass doors. The Same-Day Stain Kit is available in seven colors: Mahogany, Natural Oak, Walnut, English Walnut, Light Oak, Cherry and Cedar.

Each kit contains:

- One 16 oz. can of stain (enough for any size door system)
- One 20 oz. can of topcoat
- Foam brush for applying stain to the deep grooves and corners
- Pair of hypo-allergenic, one-size-fits-all, non-latex gloves
- 3" natural brush (for feathering and blending the stain)
- 2" synthetic brush (for applying the topcoat)
- Small staining rag
- Two cleaning rags
- Two stir sticks
- Two test samples
- Easy-to-follow demonstration DVD
- Written instructions

To order the Same-Day Stain Kit or for more information, [click here](#).

New System Components for Therma-Tru's Tru-Defense® Door Systems Therma-Tru has developed four new components to provide more options for Tru-Defense Fiberglass Door Systems:

- **Horned Sill Extender** - prevents the destructive effects of water to brickmould and mull casing.
- **Ball Bearing Hinges** - designed for heavy doors, such as Therma-Tru's Classic-Craft door, a fire door, or a door with heavy decorative or full view glass. The new Ball Bearing hinges are available with self-aligning tabs for Smooth Star™ and FiberClassic™ doors or full radius for Classic-Craft™ doors in five finishes: brass, brushed nickel, black nickel, zinc dichromate and oil-rubbed bronze.
- **9'0" Adjustable Sill** - allows for configurable length in continuous or French systems with a range of finishes to match hardware.
- **Direct-Set Sidelite Seats** -allows for full-view sidelites

For more information about all our products, visit the Therma-Tru Web site, Therma-Tru.com or contact your local dealer or distributor. For more information call 800-323-3533.

Most all Therma-Tru products are **ENERGY STAR** compliant. ENERGY STAR is a joint program of the U.S. Environmental Protection Agency and the U.S. Department of Energy helping businesses and individuals protect the environment through superior energy efficiency.
