

Every Climate Calls for a Tru-Defense® Door System

CCM210 door with CCM3410SL sidelites and BEET transom - Bella™ glass

... Your Best Defense Against Nature's Worst

A Therma-Tru® fiberglass entry or patio door with the Tru-Defense® door system enhances performance in any climate. With components designed and engineered to work together, it maximizes the seal between the door and the frame to keep out the damaging effects of air and water infiltration. With an enhanced warranty Rider up to \$2,000, Tru-Defense® is your best defense against nature's worst.
