

Always Make a Great Entrance

S2000-6C door with S2000SL vented sidelites – clear glass

... With Fiber-Classic® Oak and Smooth-Star® Vented Sidelites

Therma-Tru® vented sidelites, for Fiber-Classic® Oak Collection™ and Smooth-Star® entry and hinged patio doors, let light and air in without sacrificing energy efficiency or style. Vented sidelites eliminate the need for obstructive storm and sliding screen doors. They feature easy-to-remove screens for cleaning, recessed strike plates and specially designed multi-point lock gears for added security. And Therma-Tru® is the only fiberglass door manufacturer in the market today to offer vented sidelites with full-lite decorative glass options.
