

Vinyl Sliding Patio Door System

Residential 10 Year Limited Warranty

1. WHAT THIS LIMITED WARRANTY COVERS AND HOW LONG

Vinyl Sliding Patio Door Systems ("Product") consists of the door panel(s), frame, inserted glass panels, internal grids (if any), weather-stripping, handle set hardware, door bottom gaskets, slider rollers, corner seals, and the door sill. This Limited Warranty applies only when all of these parts are genuine Therma-Tru components.

a) COVERAGE

Subject to the limitations and exclusions below, and for the duration of the applicable Warranty Period, Therma-Tru Corp. ("Seller") warrants: (1) that the Product's non-glass components will be free from non-conformities in material and workmanship; and (2) the Product's glass components will be free from non-conformities in material and workmanship resulting in internal glazing failure, seal failure, internal insert slippage, and permanent and material visual obstruction from moisture or dust film formation in the air space of the sealed glass unit.

b) WARRANTY PERIOD

Residential Warranty Holder: 10-years from the date the Product was originally purchased from an authorized dealer. Not transferable.

Commercial/Multi-Resident Warranty Holder: 3 years from the earlier of the date Product was shipped from the Seller or an authorized dealer; transferable to a successor non-residential owner during and for any balance of the 3 years Warranty Period.

c) WARRANTY HOLDER CLASSIFICATIONS

RESIDENTIAL WARRANTY HOLDERS: If the Product is installed in (i) a new residential dwelling and the first occupant owns the dwelling or (ii) an existing owner-occupied residential dwelling, and in each case, at the time of installation such owner is also responsible for Product replacement, then that owner is a Residential Warranty Holder. For example, assume the Product is installed in a condominium unit (a "dwelling") in a multi-resident building. If the first occupant of the condominium unit is the first owner of that unit and is also responsible for Product replacement, then that owner is a Residential Warranty Holder; however, if the owner is not the first occupant or if someone else other than the owner (for example, the condominium association) is responsible for Product replacement, then the owner is not a Residential Warranty Holder.

COMMERCIAL/MULTI-RESIDENT WARRANTY HOLDERS: If the Product is installed under conditions in which no one qualifies as a Residential Warranty Holder as described above, then the warranty holder is the owner of the dwelling or building in which the Product has been installed at the time of installation (and its builder and contractor). That owner is classified as a Commercial/Multi-Resident Warranty Holder. For example, this includes owners of commercial or investment buildings, or multi-resident premises in which the occupant is not responsible for Product replacement whether or not the occupant owns the residential dwelling unit in the premises (including by example, certain condominiums, town homes, duplexes, apartments, cooperatives).
