

Home begins at the door.

THERMA TRU[®]
DOORS

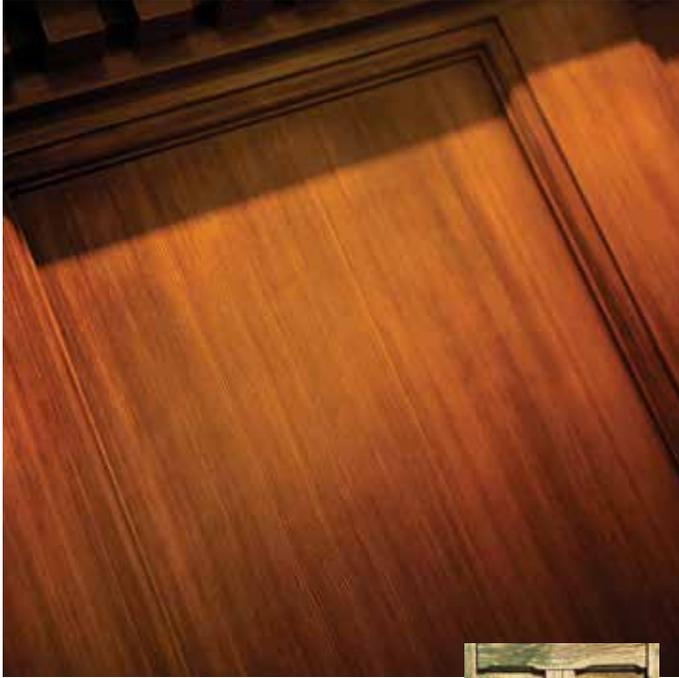

• Fiberglass Entry & Patio Doors

(Logo)

Make your dream door a reality.

The door greets friends and protects the family. As an entrance, it makes a lasting impression of beauty; as a well-designed system, it delivers long-lasting durability and reliability. That's why your builder chose Therma-Tru, the entry door brand builders and remodelers prefer most.*

Therma-Tru works with fiberglass because we discovered that it combines the best characteristics of wood and steel – design and performance – and takes them a step beyond. With very little maintenance, you can enjoy your new Therma-Tru door for years to come.

What makes our doors even more beautiful? Choice.

The beauty of fiberglass.

Therma-Tru® fiberglass doors offer the authentic look and feel of real wood.

But, unlike wood, fiberglass will not warp or rot. And, unlike steel, it will not dent or rust.

Durable and secure.

A Therma-Tru fiberglass door can help make your new home feel strong, safe and secure. The durability of fiberglass door skins combined with the stability of lock stiles with enhanced lock blocks and the added safety of tempered glass panels on all exposed panes contribute to a durable, long-lasting entryway.

Quality you can trust.

For more than five decades, we have studied the science of the entry door and turned our experience into industry-leading innovations. Therma-Tru conducts thorough testing to guarantee that our products will live up to a homeowner's toughest quality and performance expectations. And a Therma-Tru fiberglass door system is backed by the industry's most comprehensive lifetime limited warranty.

Go green beautifully.

In any region or climate, energy efficiency is key. More than 90% of Therma-Tru door and glass options are ENERGY STAR® qualified, helping to save money and protect the environment through superior energy efficiency. Built with a special polyurethane foam core, Therma-Tru fiberglass doors insulate against cold and heat for exceptional energy efficiency, offering up to four times the insulating R-Value of wood.**

*Brand Use Studies, 2014 *Builder* and 2013 *Remodeling* magazines.

**Comparison of fiberglass to wood doors (both without glass).

Note: See your design consultant or visit www.thermatru.com for details on limited warranties and exclusions, and ENERGY STAR qualified products.

Classic-Craft® Premium Entryways

Here's a premium entryway that can truly express your personal style. Whether Rustic, Classic or Contemporary, you'll find a Classic-Craft® collection that fits beautifully with your personal style and new home.

American Style Collection™

Features high-definition vertical Douglas Fir grain with Craftsman styling, ideal for homes with an Arts and Crafts flair.

Mahogany Collection™

Offers rich, warm wood tones in authentic Honduran Mahogany, especially suited for European, Victorian and Colonial homes.

Rustic Collection™

Seamlessly blends Southwestern and Tuscan styling with rustic wood grains to evoke Old World charm.

Oak Collection™

Features warm, White Oak wood grains for the look of classic Oak, suitable for homes with Traditional styling.

Canvas Collection®

Creates a sleek, modern entryway with a smooth paintable surface for virtually unlimited color options both inside and out.

Classic-Craft is rated a *Consumers Digest* Best Buy for its exceptional warranty, quality of materials and construction, and resemblance to a real wood door.

The look of real wood.

Realistic wood grains that are virtually indistinguishable from high-grade wood doors, thanks to Therma-Tru's AccuGrain® technology.

Details that define a custom door.

Crisp, handcrafted elegance creates embossments that are deeper than standard fiberglass doors.

Fiber-Classic® Collections

Mahogany Collection™

Oak Collection™

The industry's first fiberglass door delivers the look and feel of real Mahogany and Oak.

Smooth-Star®

Crisp, clean contours define this smooth, ready-to-paint door.

A smart investment.

Your home is your sanctuary, your showplace and your biggest investment. We all want to get the most out of every dollar we spend. You can feel confident that a Therma-Tru® door is a smart investment for years to come.

Choosing an attractive front entry door is also a great way to boost curb appeal and make the most of your investment in a new home.

A study conducted by an independent research company found that a home with an enhanced Therma-Tru entry door system added to its perceived value by as much as five times the cost of the door itself.*

Beautiful from front to back.

Therma-Tru fiberglass doors are perfect for front *and* patio entrances. With a variety of flexible options, you can choose patio doors to complement your new home's architecture and window design. Vented sidelites let in fresh air without the need for a screen door to preserve your view and the beauty of your home.

*Therma-Tru's "National Home Valuation Study" was commissioned by Therma-Tru in 2002 and conducted by TNS, an independent provider of Internet-based research and research-based marketing information and counsel.
