Therma-Tru
Entry and Patio Door Systems

Opening doors to new possibilities

Classic-Craft®

- High definition wood grain
- Solid wood edges and sturdy full-length lock stile
- Solid polyurethane foam core with five times the insulating value of wood
- The option to stain or paint, just like a wood door
- A full system lifetime limited warranty*

* For complete details on our full system warranty, see your nearby Therma-Tru dealer or visit www.thermatru.com.

Smooth-Star®

- A smooth, paintable surface
- Crisp stile and rail lines comparable to a wood door
- Durable fiberglass that won't dent, ding or rust
- Select styles available in embossed or raised panels
- Solid polyurethane foam core with five times the insulating value of wood
- A full system 20-year limited warranty*

* For complete details on our full system warranty, see your nearby Therma-Tru dealer or visit www.thermatru.com.

AccuGrain™ Technology

- Patented approach to real wood-grain appearance
- Aesthetics of a wood-grain door with the advantages of Therma-Tru fiberglass
- Stile, rails and panels are architecturally correct
- Embossed panels look like they have been cut from actual wood
