

Therma-Tru to highlight latest innovations at International Builders' Show

[MAUMEE, OHIO, Feb. 25, 2025] Therma-Tru will showcase its top entry and patio doors and its reimagined complete door system at the International Builders' Show, Booth #C3830, Feb. 25-27 in Las Vegas. Featured products including a Veris concept door featuring walnut infill panels and Satin and Satin privacy glass for its expansive Veris Collection will be on display.

"We've engineered door systems that offer unbeatable performance, durability and protection while embracing the latest design trends," said David Youn, President, Outdoors, for FBIN. "Our latest offerings showcase our 60-year commitment to innovation and thorough testing, ensuring every door delivers maximum quality safety and style, supported by comprehensive, industry-leading warranties to protect what matters most."

Therma-Tru has designed the only door you'll ever need.

Proven to perform, protect and preserve, a Therma-Tru complete door system is the culmination of more than 60 years of expertise in material science, engineering and manufacturing. Its on-trend doors are tested against extreme environmental conditions — far beyond industry standards — to ensure maximum durability and safety. Explore our Complete Door System at thermatru.com/completesystem.

The Therma-Tru Network Advantage

Designing, manufacturing, distributing and installing a Therma-Tru door requires a network of experts every step of the way. It's more than just a collection of parts. It's decades of engineering, material science expertise and testing at work. That's why more than 80 million homes trust a Therma-Tru door to protect what matters most. Learn more at thermatru.com/networkadvantage.

Veris Collection

Explore an expansive portfolio of glass-forward aluminum door systems from Therma-Tru, now available with Satin privacy glass and a Veris concept door featuring walnut infill panels will be on display in the booth. The Veris Collection brings together high-end style and unique functionality to create elegant, contemporary openings. Engineered for easy, worry-free operation and designed with the highest quality aluminum, stainless steel and polymer components, the collection is virtually maintenance-free and backed with a one-time transferable

lifetime limited warranty and a balance-transferable 10-year limited warranty on finish.

Meets ENERGY STAR requirements in all 50 states.

In a commitment toward energy efficiency, Therma-Tru has exterior door options to meet ENERGY STAR requirements in all 50 states, and 99.8 percent of its products are NFRC-certified. Together, these independent certifications help homeowners make informed decisions on buying products that save on energy costs and help protect the environment.

Discover exclusive Therma-Tru door system solutions at Booth #C3830 at IBS, Feb. 25-27 in Las Vegas.

Booth #C3830 will also showcase Therma-Tru sister brands Larson (storm doors), Fiberon (decking, railing and cladding), Fypon (decorative millwork) and Solar Innovations (custom glass doors, windows and structures), featuring a legacy of more than 200 combined years of material science expertise and product innovation. No other brand portfolio offers as diverse a range of products for the outer home. Showcasing the brands together allows customers to experience the collective of these brands as they were intended — to inspire them to manifest their outer home.
