

Classic-Craft® Premium Entryways

THERMA TRU
DOORS

Extraordinary in every detail.

Feel the difference.

Experience the integrity of a solid, precision-engineered entryway built for long-term durability, stability and peace of mind.

Classic-Craft® Premium Entryways

Uncompromising in every detail.

A premium entryway that's truly unique and uncompromising in every detail. One that blends precision-engineered features with architecturally correct details to produce an entryway that performs as exceptionally as it looks – instilling confidence and peace of mind. And Classic-Craft entry doors are rated a *Consumers Digest* Best Buy for their exceptional warranty, quality of materials and construction, and resemblance to a real wood door.

Perhaps best of all, Classic-Craft is from Therma-Tru, the most preferred entry door brand among building professionals.* Therma-Tru introduced the world to fiberglass doors and remains better and more beautiful every year.

*Brand Use Study, 2017 *Builder* magazine.

**Not based on actual home sales. Not a guarantee of investment returns, increase in value or selling price. Based on a nationwide survey of consumers' estimates of perceived home value based on exterior appearance. Results may vary based on region and home style. Therma-Tru's "National Home Valuation Study" was commissioned by Therma-Tru in 2015 and conducted by TNS, and independent provider of Internet-based research.

Note: See your Therma-Tru seller or visit www.thermatru.com for details on limited warranties and exclusions, and ENERGY STAR qualified products.

The Power of Curb Appeal

A new entry door can pay for itself – and then some – giving you and your customers more bang for your buck.

Perceived Value

A smart investment, a new Therma-Tru® entry door can increase a home's perceived value by **4.2%** or **\$18,750** on average.**

Return On Investment

Homeowners who choose a stylish new Therma-Tru® entry door can see **more than 2 times** the return on their investment.**

A smart investment.

3

Lifetime Limited Warranty

We stand behind more parts and for longer than other door companies because we make or specify everything that goes into our door system. A Therma-Tru fiberglass door system is backed by the industry's most comprehensive lifetime limited warranty.

Energy Efficiency

In any region or climate, energy efficiency is key. More than 80% of Therma-Tru door and glass options are ENERGY STAR® qualified and National Fenestration Rating Council (NFRC) certified, helping save money on energy costs.

Quality Testing

Our doors, glass and components are held to high standards. We conduct thorough testing to help ensure that our products will live up to a homeowner's toughest quality and performance expectations.

Authentic in every way.

Premium performance in every detail.

Everything about Classic-Craft® has been designed to create a premium, elegant entryway that provides exceptional strength, efficiency and long-term performance, so you can feel confident that Classic-Craft is a smart investment for years to come.

See the difference.

Premium – right down to the edge.
A solid hardwood square edge delivers a genuine wood appearance.

Standard fiberglass bullnose edge.
The bullnose profile, typical of other fiberglass doors, detracts from the authentic wood look.

The look of real wood. Realistic wood grains that are virtually indistinguishable from high-grade wood doors, thanks to Therma-Tru's AccuGrain technology.

Details that define a custom door. Crisp, handcrafted elegance creates embossments that are deeper than standard fiberglass doors.

Architecturally correct for true classic beauty. Doors designed to be architecturally correct, with proportions modeled after classic architectural principles, to create a more premium entryway.

Up to
25% wider
panels*

Classic-Craft Premium Door

Standard Fiberglass Door

*Compared to other standard fiberglass doors.

**Comparison of fiberglass to wood doors (both without glass).

1 Enhanced Weather Resistance

No more worries about rotting, warping or twisting. Classic-Craft premium entryways are tested and designed to resist extreme weather conditions and the damaging effects of moisture. Both the top and bottom of the door are protected by composite rails for a longer-lasting entryway.

2 Solid Security

Classic-Craft premium entryways feel solid and close with authority. A 4" wide beam of engineered lumber runs from the top to the bottom of the locking side of the door to add mass and rigidity, giving the door weight and a natural wood feel.

3 Excellent Durability

Built to stand up to the elements and years of wear, Classic-Craft's fiberglass skins are thicker than other standard fiberglass doors to provide added durability and better long-term performance.

4 Higher R-Values

Classic-Craft premium entryways contribute to an energy-efficient home. A polyurethane foam core provides up to four times the insulating R-Value of wood.**

5 Edge-to-Edge Moisture Protection

Resist moisture at every turn – and along every edge. Classic-Craft premium entryways have hardwood and composite edges that help prevent moisture penetration.

Stunning, intricate glass.

With 12 exclusive decorative glass families and multiple sidelite and transom configurations, you'll find the ideal style to enhance any home when you select a Classic-Craft® premium entryway. Close attention to detail produces intricate, truly distinctive designs you won't find anywhere else.

More than 10%
wider glass*

**Classic-Craft
Premium Glass**

Standard Glass

- Classic-Craft glass is more than 10% wider*, welcoming more light into the home and creating a distinctive entryway.
- Fiberglass lite frames are made with the same material as the door to blend seamlessly with the rest of the entryway when stained or painted.
- All Classic-Craft clear glass options are Low-E, providing long-term energy efficiency.
- All decorative and privacy glass products feature triple-pane construction that helps provide energy efficiency.
- Therma-Tru's EnLiten™ flush-glazed designs deliver a clean, seamless look, with glass built directly into the door for a high-performance weather seal designed for long-term durability.
- All sidelites are made with flush-glazed glass for a truly seamless, consistent appearance.
- Any Therma-Tru® glass added to a Classic-Craft entryway is covered by the same outstanding lifetime limited warranty.
