Tru-Advantages

- **Delivers extra protection from the damaging effects of moisture for peace of mind.**
 - Eliminates the risk of rot and wood-ingesting insects with a durable composite material that is virtually maintenance free.
 - Rot-free door frame does not absorb moisture and resists mold, mildew and fungus.
 - Reinforced mullions provide additional structural support and stability, and feature a composite capped bottom to eliminate the risk of water absorption and maintain a rot-free composite exterior.
 - Jamb screw plugs hide unsightly screws, allowing jamb to be installed with screws through its thickest part for better aesthetics and long-term performance.
 - Screw plugs are available on a collated strip for ease of installation and finishing.
