

NEW

Simulated Divided Lites

for Fiber-Classic®, Smooth-Star®, Profiles™ & Traditions

THERMA TRU®
DOORS

A new level of durability.

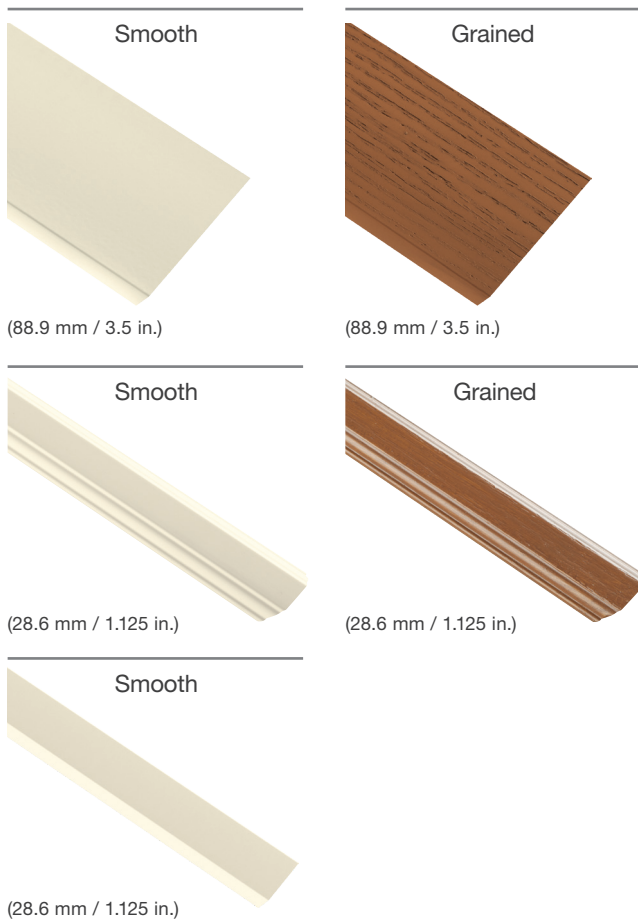

Create an entry tailored to the home's overall look with endless color and finishing options. New simulated divided lite (SDL) bars for Fiber-Classic, Smooth-Star, Profiles and Traditions doors and sidelites now feature a new durable composite material with no finishing limitations.

Explore new contemporary grid patterns, as well as classic looks, all with limitless color options for paint and stain and approved for use behind storm doors.

Available March 4, 2019

Top: Smooth-Star, Clear Glass with SDLs, Door – S8691

Simulated Divided Lite Bars

Tru-Advantages

- **Features a durable composite material engineered to withstand the elements, including extreme temperatures.**
 - Explore endless color and finishing options with SDLs designed to be used in any climate. Rain or shine, SDLs can be used with or without a storm door and painted or stained any color, all while maintaining Therma-Tru's limited warranty.
- **Designed as part of the full Therma-Tru door system with the door, glass, components and finish all made or specified by the entry door brand building professionals use most.***
 - Included in the industry's most comprehensive lifetime limited warranty when installed as part of a fiberglass door system, and backed by additional warranty riders when applied to EnLiten[™] flush-glazed designs.

NEW Grid Patterns

New grid patterns expand selection of on-trend entry doors with options to meet a wide range of styles.

- Choose from contemporary configurations to make a statement in the entry, or coordinate with window grid patterns around the home for a cohesive look.
- Available with privacy and textured glass designs for artistic expression while offering both natural light and privacy to meet homeowner needs. Also available with clear and Low-E glass for a simple, clean look.

EnLiten[™] Flush-Glazed Riders

For Construction & Installation

Provides protection in case of accidental glass breakage during residential and multi-family construction or installation. Therma-Tru will replace the flush-glazed fiberglass door.

For Homeowners

Provides protection in case of glass-related failures due to manufacturer defect. Therma-Tru will furnish \$300 toward installation and replace the flush-glazed fiberglass door.

*Brand Use Study, 2018 *Builder* magazine.

**Included in the limited warranty when installed in a Therma-Tru fiberglass or steel door system.

Note: See your Therma-Tru seller or visit thermatru.com for details on available product sizes and options, limited warranties and exclusions, Riders, and ENERGY STAR qualified products.
