Tru-Advantages

■ Market-driven, consumer-tested design.

- Offers versatility to fill more orders, as flush-glazed privacy and textured glass can be used in entry, patio and other home openings.
- Flush-glazed construction offers up to a 16% wider daylight opening than conventional lite frames.
- Variety of privacy and textured glass designs with varying aesthetics and opacity levels creates a wide range of looks.

■ Aimed at creating sales opportunities.

- Clean design details meet demand to create a variety of looks for today's homes from Classic to Contemporary.
- Features a seamless appearance with no need for a lite frame since glass is built into the door during manufacturing.
- Complements both wood-grained, stainable and smooth, paintable doors for broad appeal.
- Available in 6'6", 6'8" and 8'0" door heights.

■ Therma-Tru® glass quality you can trust.

- The Therma-Tru full-system offering delivers on decades of experience and know-how in door systems and glass.
- Included in our full-system lifetime limited warranty for peace of mind during and after installation.
- Triple-pane construction for added energy efficiency and a smooth, easy-to-clean surface.

Flush-Glazed Fiberglass Door Replacement Rider

Provides protection in case of accidental glass breakage during residential and multi-family construction or installation. Therma-Tru will replace the flush-glazed fiberglass door and glass.

Note: Glass privacy ratings may be more or less than indicated, based on glass design and size of glass. Glass design may differ from depiction due to size and hand craftsmanship of glass. See your Therma-Tru seller or visit www.thermatru.com for details on glass privacy ratings and designs, available product sizes and options, limited warranties and exclusions.
