

Satin Etch Privacy & Textured Glass **for Fiber-Classic®, Smooth-Star®, Profiles™, Traditions & Pulse® Doors**

Especially fitting for Modern and Contemporary home styles, Satin Etch is a fine-textured pearlescent glass that delivers a pure, simple design aesthetic. This sleek and stylish glass provides ultimate privacy while allowing light to illuminate the entrance and can be configured to create a simply stunning entry.

Product Highlights

- A fine-textured, soft and shimmering glass that offers extraordinary style and the ultimate privacy.
- Select from a wide array of small and large glass sizes in wood-grained, stainable and smooth, paintable doors to create the perfect entry for your home.
- Choose a scrolled profile lite frame for a more traditional look or pair with a sleek flat profile lite frame and a Pulse® door to make a statement of modern curb appeal.
- Triple-pane construction delivers increased energy efficiency and a smooth, easy to clean surface.
- Available in a flush-glazed application that offers up to a 16% wider daylight opening than conventional lite frames.
- ENERGY STAR® qualified options for exceptional energy efficiency.
- Backed by a full-system limited warranty.
- Impact-rated options available.*

*Must be installed as part of a Therma-Tru door system in compliance with a Therma-Tru product approval. Not impact tested for use in multi-lite door style configurations.
Note: See your Therma-Tru seller or visit www.thermatru.com for details on available product sizes and options, limited warranties and exclusions, and ENERGY STAR qualified products.
