***Consumers Digest* names Therma-Tru® Classic-Craft® collections a repeat Best Buy winner**

Therma-Tru® Fiber-Classic® collections also named a Best Buy

MAUMEE, OHIO – For the second consecutive time, *Consumers Digest* has designated the Therma-Tru® Classic-Craft® line of energy-efficient premium entryways as a Best Buy selection in the fiberglass entry doors category. The premium selection designation comes in the magazine's July / August 2015 issue. In addition, the Therma-Tru® Fiber-Classic® product line has been named a Best Buy midrange selection in the same fiberglass entry doors category.

Consumers Digest last reviewed fiberglass entry doors in 2011. This marks the second time all five collections of Therma-Tru Classic-Craft fiberglass entry doors – American Style, Mahogany, Rustic, Oak and Canvas – were included in the Best Buy designation.

Therma-Tru is the only company in the 2015 *Consumers Digest* entry doors evaluation and report to have two product lines recognized as Best Buys. "We see the Best Buy designations for our Classic-Craft and Fiber-Classic collections as a seal of approval that homeowners can depend on when selecting the best entryways for their homes," says Mark Savan, president of Therma-Tru Corp.

The written evaluation of the Therma-Tru Classic-Craft products appearing in the July / August 2015 issue of *Consumers Digest* cites attributes including "a high-quality replication of the look of real wood with a lifetime warranty."

The report also indicates that "Fiber-Classic is the least expensive fiberglass entry door that we found to include a wood-grain finish, a lifetime warranty and at least 20 styles."

"The consistent top performance of our fiberglass doors continues to place Therma-Tru products in the spotlight with *Consumers Digest* and its readers," says Savan. "That

positive focus reinforces our consistent message of beauty, durability and value that we build into every door we manufacture."

Consumers have respected and followed the Best Buy recommendations of *Consumers Digest* magazine for more than 50 years. The stringent criteria for product evaluations make the Best Buy designation a sought-after honor for companies worldwide.
