Therma-Tru Doors Previews 2016 New Products at International Builders' Show

MAUMEE, OHIO – Attendees of the 2016 International Builders' Show will get a first look at Therma-Tru's 2016 portfolio of on-trend door and glass collections. New wider and taller door styles, as well as decorative, privacy and textured glass designs will be showcased in booth C6108 at the International Builders' Show in Las Vegas.

"Our customers demand stylish, high-quality entryways and we are excited to offer new products that meet emerging architectural design trends across the country," said Donna Contat, director of brand management for [Therma-Tru Corp.](#)

The new products will be available for sale beginning February 1, 2016, and include:

Expanded Classic-Craft® American Style & Rustic Collections

Therma-Tru® is meeting the demand for taller, wider doors with new 8'0" styles in the Classic-Craft American Style and Rustic collections. The American Style Collection™ features new 3'6" wide by 8'0" high door and glass options in popular Craftsman styling, allowing builders to offer premium upgrades with Arts and Crafts flair. The Rustic Collection™ expands to include new styles in 3'0" x 8'0" and 3'6" x 8'0" sizes with select, new wider glass options – all with warm and inviting Southwest and European styling and a rustic feel.

Pulse® Lite Frame Options

For the first time, a lite frame can be thought of as an aesthetic choice perfect for the modern entryway. Choose the new flat profile lite frame for modern appeal, or a scrolled profile lite frame for a vintage look.

Riserva™ Decorative Glass

This offering balances Therma-Tru's wrought iron decorative glass portfolio for broader appeal, as Riserva offers a more linear aesthetic at an entry price point. Riserva also introduces wrought iron glass in the popular 21" x 15" glass size. It's available in Fiber-Classic®, Smooth-Star®, Profiles™, Traditions and Pulse® product lines.

Satin Etch Privacy & Textured Glass

This is an exciting design – sleek, clean and pearlescent. It fits with today's modern and contemporary products and offers ultimate privacy and a soft, translucent look with an on-trend appeal. This product is offered in Fiber-Classic®, Smooth-Star®, Profiles™, Traditions and Pulse® product lines.

Flush-Glazed Privacy & Textured Glass

This high-demand product offering features clean lines and a seamless appearance, as the glass is built directly into the door during manufacturing with no need for a lite frame. Choose from a variety of privacy and textured glass designs, including Satin Etch, with varying aesthetics and opacity levels to create a wide range of looks. Flush-glazed doors are also covered under the flush-glazed fiberglass door replacement rider, providing builders and installers peace of mind.

21" x 15" Impact-Rated Craftsman Lite

On-trend glass designs in the popular 21" x 15" Craftsman size will now be offered in Impact glass for added protection. New Impact-rated 21" x 15" glass designs include Maple Park®, Saratoga™, Riserva™ and Axis™ decorative glass, as well as privacy and textured glass. Available in Fiber-Classic® Mahogany Collection™ and Smooth-Star®.

Unlock the Opportunities

In addition to its new products, Therma-Tru will launch its Unlock the Opportunities online contest at the International Builders' Show. The company has revamped the program to provide a deep dive into its new products with an interactive learning experience. Builders will find in-depth information that will help them confidently represent the new products to customers while earning prizes.* The first-quarter training tool is available to fabricators, builders and dealers from Jan. 19 through April 30, 2016, and can be accessed at www.unlocktheopportunities.com.

About Therma-Tru

Therma-Tru is the leading entry door brand most preferred by building professionals. Founded in 1962, Therma-Tru pioneered the fiberglass entry door industry, and today offers a complete portfolio of entry and patio door system solutions, including decorative glass doorlites, sidelites and transoms, and door components. The company also offers low-maintenance **Fypon**[®] urethane and PVC products. Headquartered in Maumee, Ohio, Therma-Tru is part of Fortune Brands Home & Security, Inc. (NYSE: FBHS). For more information and product warranty details, visit www.thermatru.com, www.fypon.com or call 800-537-8827.
